CITY MANAGER'S REPORT

November 9, 2021

The following are the top three topics for the previous two weeks:

1. The rehabilitation project for Water Tank #1 is well on the way. The door was cut and interior blasting is proceeding. Additionally, we just underwent our triennial sanitary survey and passed with one deficiency in a top vent that is being addressed.
2. Our email migration to the new domain is now complete. Thanks to Council and the City employees for your patience while this transition occurred. I wish to thank the IT department for their hard work and dedication while undertaking this difficult task
3. The submission period for the Public Works and Parks Director positions has now closed. The recruiter advises me that we have a good candidate pool for both positions. The recruiter will screen the candidate pool and have candidates to present in early December.

EMPLOYEE HIGHLIGHT

Vickie Haddix – General Services Department: Vickie is always willing to help out any fellow employee. When the City needed someone to run the camera system at our Council meetings she volunteered to take that on. Many times she has taken her lunch hour to go to City Hall or another building to help someone with Microsoft Word questions. She always greets visitors at the Service Center with a smile, positive attitude and willingness to help them get what they are looking for. She loves to take on special assignments for her Department and City. As most know she puts together the blood donation sessions at the Service Center throughout the year. She is a great cook and always is the first to volunteer for providing food for the Wellness luncheons for the City employees. The General Services meetings usually have something special cooked up from Vickie. In her spare time, in addition to cooking, Vickie likes to attend concerts in Las Vegas, NV, camping with her family and helping with her family and friends in the area. She is the glue that holds the General Services Department together. Thanks Vickie for all you do for the City!
